

## Steps for Invoking the Modelsim Tool

1. Login to User : EDC, Password : iitdh
2. On Desktop Right click and open Terminal
3. Type "mkdir digital\_lab" - (Instead of "digital\_lab" You can give any name of your choice)
4. Type "cd digital\_lab"
5. Type " csh "
6. Type " source /home/edc/mentor/hep\_new.cshrc "
7. Type " vsim & "

Please ensure you follow the same steps in your upcoming sessions. This will help you search for and locate your old files easily and without any hassle.
